Subject: follow-up to our 3/16 phone conversation

Bill:

Thank you for your time in speaking with me today. In follow-up to our conversation, below is the information I am interested in obtaining. The information will be useful in EPA's on-going investigation of the upper Columbia River/Lake Roosevelt site. Any available information can be sent to my attention at the address below.

- discharge information from 1990 to present pertinent to all outfalls and flumes, e.g. slag and wastewater/effluent discharge
- discharge permits, 1990 to present
- trend information with regard to effluent
- any sediment and surface water data reports for the Columbia River
- 1995 River report
- air report
- 1996 bioassay report
- characterization reports for Stoney Creek landfill

Should you have any questions, please feel free to contact me at (206) 553-0323. Thank you in advance for your assistance in this matter.
